Travel Fee depending on mileage.

If you choose to book with me, one third of your total fee will be due as a booking fee following your consultation. I use contracts to ensure piece of mind and settled details for all involved.

I accept cash, check, or Venmo for the cost of consultation. The remainder of the fee will be due one week before the wedding date.

During the consultation, I get to learn about what you want, what your vision is, what you don't want, what your skin and hair are like, etc. I usually take a little more time with those, so we can figure out exactly what you want and have you feel comfortable about it.

I can accommodate up to 8 people in a bridal party. If there is a time constraint, or more services than I can handle myself, I do have an additional artist that I work with.
